

Nourishing lives.

One healthy ingredient at a time.

cultivating goodness.[®]

Bringing Our Best to You

Healthy Food Ingredients (HFI) unites the best brands and dedicated farmers to bring more nutritious food to more people. For decades, manufacturers have trusted HFI brands to deliver the highest quality non-GMO, organic, certified transitional, gluten-free and identity preserved ingredient options.

Our Story: Working Together for Good

As a growing family of trusted brands, we are inspired by a time when neighboring farmers would gather to help each other bring in the harvest. They understood that sharing hard work, multi-generational know-how and respect for the land would benefit the entire community.

Today, we draw on that same spirit and belief in stewardship to accomplish our vision of nourishing lives with healthy ingredients. We share our innovative processes and deep expertise to ensure superior safety, stability and security from seed to the food that nurtures our lives. Together, we hold a genuine passion to live up to our name, Healthy Food Ingredients, in everything we do. So when we survey the horizon, we stand shoulder-to-shoulder with each other and what we see is good. Good for business, good for people, and good for the land.

Our Promise to You

HFI's passion for providing the highest quality ingredients runs parallel to its desire to deliver superior service. We guarantee:

SUPPLY ASSURANCE

A vast and diverse network of reliable growers to ensure a consistent stream of safe ingredients.

ADVANCED FACILITIES

Four, full-scale, modern processing facilities featuring cutting-edge technology and GFSI certification for maximum quality, safety and traceability.

COMPREHENSIVE PROCESSING AND PACKAGING

Everything from first-stage to second-stage processing, including blending, milling, micro-reduction and retail packaging.

INNOVATIVE SOLUTIONS

Emerging practices like certified transitional and our research and development lab, combined with our innovations team, to push "healthy" to the next level.

RELIABILITY AND RESPONSIVENESS

Superb expertise, responsiveness and logistics management to meet your needs and deadlines.

Our Portfolio of Ingredients

Our customers have diverse needs and want the best value. HFI provides expert sourcing, processing and packaging. We offer a substantial – and growing – portfolio of healthy ingredients for multiple applications in food, pet food, nutraceutical, pharmaceutical, cosmetics and personal care.

Helping You Bring Healthy to the Next Level

At HFI, we don't just supply, process and package ingredients. We create ingredient solutions, consistently and passionately, with supply assurance. Our customers benefit from the combined resources, facilities and expertise of the HFI family, all focused on bringing innovative solutions and applications to the table.

Whether you need ingredients for a specific product trend, functionality, allergen or clean label, creating ingredient answers is what we do. Factor in our logistics management skills, and we can get you what you need, when and where you need it.

Certification Leaders

Certification standards are our starting point, not the end goal. Our safety and quality assurance processes and systems meet the highest standards in the industry and we are continuously focused on advancing.

Ready to explore
the possibilities
with HFI?

Our specialty ingredient experts are ready to help you find the best solutions, including customization, for your application needs.
